Additional Services

Transportation of dangerous goods (TDG)

20 % *

We offer our customers the opportunity to transport dangerous goods safe and lawfully in Finland according to the service register.

Heated transportation

20 % *

Heat transportation enables delivery for products and liquids that are cold-sensitive. We transport the shipment in heated delivery vehicles and terminals at each stage. The Heated transport service is available on weekdays from October 1 to April 30.

Delivery to private customers

30 % *

We will contact your customer for best delivery time. The delivery is done at working hours (8am to 4pm) at the recipient's home address. The consignment is unloaded in the immediate vicinity of the dispenser. The service is subject to unrestricted access to the shipping address for the delivery address. The service also includes a check-in time for the delivery date.

Scheduled delivery

30 % *

We deliver shipments to the recipient according to a pre-agreed schedule.

Call before delivery
